See What We Sea

Leathercraft by OHD is a privately owned manufacturer of elegant, hand-crafted leather furniture. Rooted in tradition and driven by a commitment to sustainability, we take pride in creating long-lasting furniture pieces crafted from premium materials—furniture that retains its comfort, beauty, and value for generations. Every bench-made piece is expertly crafted in the foothills of North Carolina, where quality meets artistry.

Our core principles—family, community, and quality—guide everything we do. We believe that exceptional quality stems from genuine care, and by investing in our team, we foster a passionate community of artisans dedicated to crafting furniture to the highest standards. It's truly inspiring to witness the artistry of our team, many of whom are 2nd and 3rd generation furniture makers, preserving the legacy of time-honored craftsmanship in every piece they create.

Within these pages, you'll discover a curated collection of furniture and coverings inspired by the serene beauty of the world's coastlines.

“QUALITY IS NEVER AN ACCIDENT; IT IS ALWAYS THE RESULT OF HIGH INTENTION, SINCERE EFFORT, INTELLIGENT DIRECTION AND SKILLFUL EXECUTION”

- William A. Foster

Enduring Craftsmanship

Our furniture is built to last a lifetime. We are committed to creating furniture with the highest quality care and materials ensuring strength and comfort for generations.

All of our frames are made from solid hardwoods, reinforced with support rails, dowels, and screws. Sinuous wire springs are used in the backs of our pieces to provide superior support while maintaining the furniture's shape. Each sprung-up frame has a unique network of eight-way hand-tied tempered steel coils, providing a long-lasting foundation with the highest degree of comfort.

It's inspiring to watch our team members work their unique craft and bring life to each piece. Many of our furniture makers are 2nd and 3rd generation legacies, still employing the highest standard of time-honored furniture making traditions.
